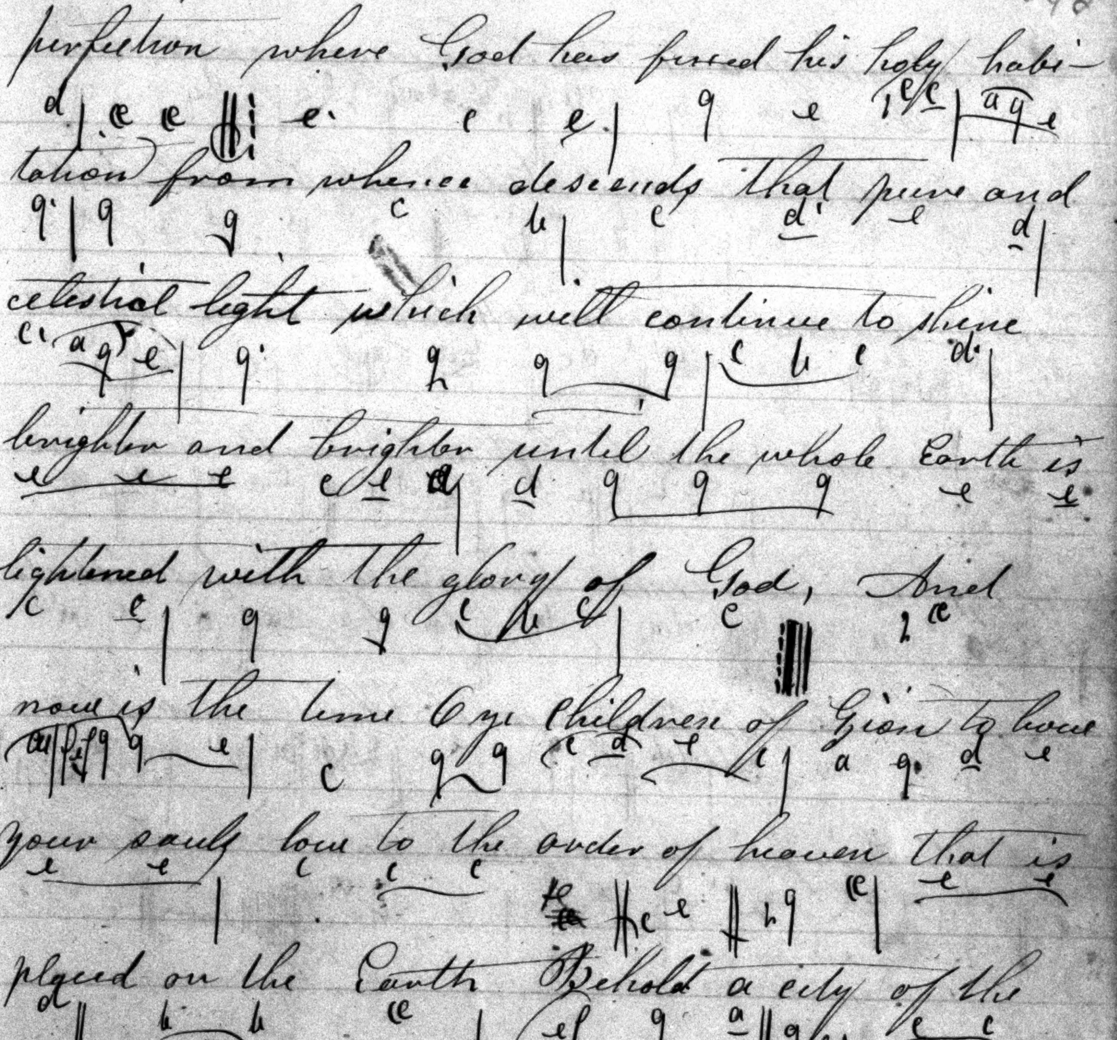
yea rolling in the deepest agony of soul seeing
their awful condition by the light that has shone
upon them from the heavens of glory and



perfection where God has fixed his holy habi-

celestial light which will continue to shine
brighter and brighter until the whole Earth is
lightened with the glory of God, And
now is the time O ye children of Zion to bow
your souls low to the order of heaven that is
placed on the Earth Behold a city of the
living God is now established where his name

None who are humble pure and honest From thy ways shall ever fall
O then may I never never Cease to stand in open light
Make my trembling soul forever Shun the wrong & chose the right

Many calm & blissful seasons I already have enjoy'd
And for these sufficeent reasons I should always be employ'd

Let objects pure and clean Be ever my delight

105 O come all ye pilgrims who're traveling to heaven

And let us unite in the spirit of love

And let us purge out all the filthy old leaven

And press on with Zeal to the city above

For no carnal creature shall ever inherit
A,
A mansion of rest in the city of peace

So then let us labor to keep a pure spirit

And set out a new for a further increase

Now all who would gain this pure heavenly Treasure
Must leave all behind that pertains to the Earth
And quit the vile flesh with its low carnal pleasure

All hatred and strife must forever be banished
From those who are traveling the straight narrow way
Then every base foe we can certainly vanquish
And come off victorious in this ~~blessed~~ day

Then let us go on with new courage progressing
We surely shall win an unspeakable prize
For peace and pure love we're already possessing
So far greater glory well certainly rise
For Gods precious promise we sure may rely on
That every good thing we shall surely enjoy
Where we shall attain the perfection of Zion
Where holiness reigns without any a loy

Do sing out aloud in the strains of sweet mirth
Their melody truly does charm
They calmly submit to the gift that's before
By which the good way they maintain
Upon the dark mountains they stumble no more
Of sorrow vexation and pain

Let those who belong to Earth desolate strand
In restless delusion forsake
The cold flowing waters of their native land
Vain pleasures and comforts to seek
My treasure in Zion shall ever endure
Increasing by day and by night
With dearest companions who are honest & pure
And move in in the mansions of light

O yea we feel and now relent
And for our former sins repent
And pray that we may be forgiven
No more offend the Laws of heaven
O Mother kind compassion have
Grant we in thy pure love may live
And heed thy counsel day by day
O Mother help O help us pray

O Mother Mother Mother dear
O will our Heavenly Father hear
And lend an ear while we relate
The sorrows of a sinful state
Our brethren of this lower sphere
Are filled with troubles grief & fear

The wrath of God they feel has come
And shudder at their awful doom

Their dear companions day and night
Are taken sadly from their sight
The awful dom hangs oer their head
Must I be numbered with the dead
O Mother dear O look and see
The thousands who no not of thee
The poor distressed from land
May mercy reach them from thy hand

O see this world is full of woe
The clashing arms the deadly foe
Spread sorrows deep in foreign land
O is there help for fallen man
And thousands know not where to flee
That they from dangers may be free
O heavenly Father hear them sigh
And grant that they may no more cry

O pity these poor children too
O may they not be nursed too
And find in thee a sweet repose
A soothing balm for all their woes
O we in confidence implore
The plague may stop and be no more
Upon this home of Mother Ann
And all her little chosen band

Let peace be found on every shore
And wars and fightings be no more
The saviours tidings spread abroad
Till all shall know and fear the Lord

O Heavenly Father thus we may
Entreat thy pity for this world

Lord may true humiliation as a mantle clothe each soul
While thy goodness & protection around us daily we behold
While thy Judgment & thy Justice thousands sweep by sea & land
Lord we own thy tender mercy to thy little chosen band
Nor thy blessings and thy favor we from day to day enjoy
Hear us O our blessed Saviour unto thee our spirits cry
Lord thy people now implore thee for the nations of the earth
While the wicked fall before thee may they learn thy word is truth

Tho thy hand in Judgment raised And thy arm for vengeance (ence
May thy mercy & forbearance guide the arrow as it flies

May conviction seize the concience of the trembling guilty soul
And by honest true repentance May the light of God unfold

Just
Lord we own thy great forbearance & thy righteous Judgements
While destruction marks thy vengeance On their beastly pride & lust
But the honest soul deliver Shew to them thy truth & light
From the wicked thou canst sever All who're seeking thee aright

Hear us O Almighty Father For to thee we humbly pray
Grant relief unto the sufferer Banish darkness far away
Blow the trumpet of salvation Clothe thy children with thy fear
Until every land and nation Knowd in truth that God is here

Be silent all flesh for the Lord has appeared
In Zion His standard of truth He has reared
By this He will try all the nations abroad
As He has His Zion the city of God
The work of redemtion had first to begin
By honest confession of every known sin
And that to be done in the presence of those
Whom God did see fit in His wisdom to chuse

A furnace in Zion at once did begin
And all who endured the burning within
In every rich grace that is truly divine
Still brighter and brighter continued to shine
Until they have found in this blessed domain
A mansion of rest where true comfort does reign
Where all carnal pleasure is counted as dross
Compared to that comfort that's gained by the cross

Thus God in true mercy Himself did reveal
Th afflicted to comfort the wounded to heal

And all who in mercy this call did obey
Have nothing to fear in this great Judgment day
For truly in Judgment the Lord has come down
And thousands already are smote to the ground
Yea cities and kingdoms are falling a prey
To the wrath of the Lord in this great Judgment day

While princes and nobles are feeling the stroke
And know that the Lord they do justly provoke
For truly His word they in mercy have heard
And woe be to them who are now unprepared
While God is thus scourging the children of men
Shall Zion be suffered in peace to remain
Or is she not called a garment to wear
Of humiliation with fasting and prayr

With this supplication to Almighty God
Who formed all nations and that of one blood
That He would His hand of sore Judgments so stay
That all might have space to repent of their way

That Kings might be humbled and princes brought low
Until the true God and His Christ they might know
Acknowledge His Zion and bend to the same
Where God for salvation has placed His name.

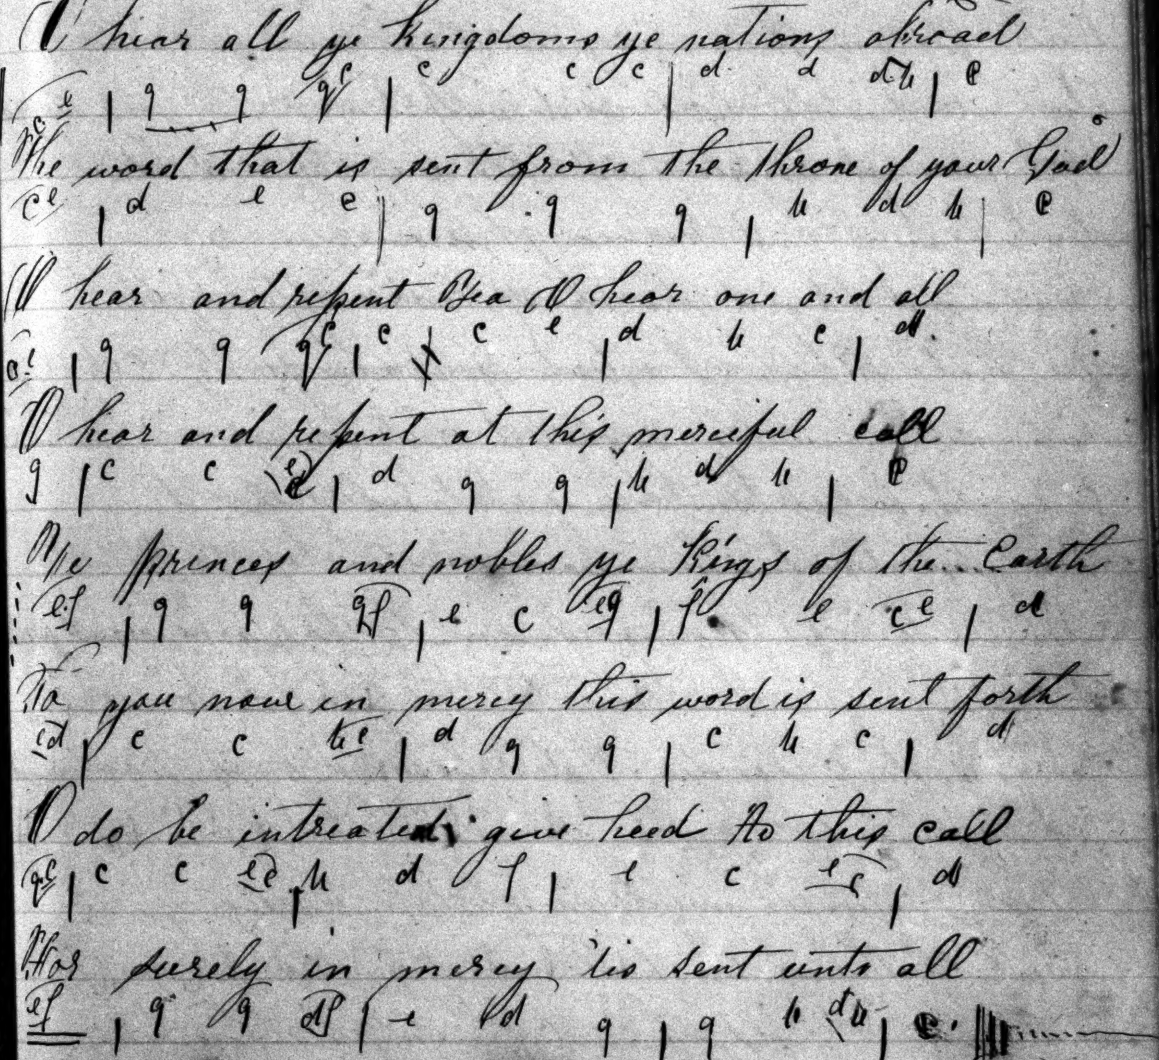
In dark and trying hours I'll be your constant fri
And in deep scenes of sorrow will lend a helping hand
So faint not my beloved When trials do appear
There is a God who will your supplications hear



O hear all ye kingdoms ye nations abroad
The word that is sent from the throne of your God
O hear and repent Yea O hear one and all
O hear and repent at this merciful call
Ye princes and nobles ye kings of the Earth
To you now in mercy this word is sent forth
O do be intreated give heed to this call
For surely in mercy 'tis sent unto all

Ye have lived in pleasure ye nobles and great
Forgetting that God who your souls did create.

While He in His mercy has lengthened your days
But now He no longer will bear with your ways
Then bow down your spirits ye lofty and high
And seek for protection while mercy is nigh
For should you those kind tender offers reject
The Judgments of God you may justly Expect

Or will you like those wicked rulers of old
Who stood at the entrance or door of the fold
Not entering themselves and to those who would come
Oppose their admittance to that peaceful home
Nor is it a wonder that those in great power
Should suffer great torment in that Judgment hour
When Justice is meted in equities scales
And truth in the ballance of Justice prevails

The towers are counted the kingdoms are known
With those who in trouble for mercy now groan
The prayers of the righteous have also been heard

That all who repent may in mercy be spared
Then who shall be able in this day to stand
Not those who have founded their House on the sand
But such as dig deep and have built on the rock
Alone shall be numberd with Christs lovely flock

Jerusalem thou City Where purity alone
Can dwell within thy borders Or tread thy holy groun
O that I may be able That fire to endure
That burns up all deception And every thing impure

That in this lovely mansion I ever may abide
With all the true and faithful Who have themselves denied
With such I'll freely suffer As did the heavenly train
With them come off victorious And with them ever reign

While here we have our station upon this Earthly Sphere
Where many scenes of trials within our way appear
Yet there's a crown of glory In Heaven made secure
For all who will prove faithful and to the End endure

There is no time to linger Or think to turn aside
But firmly stand unshaken amidst the rolling tide
There's nought but dessolation And wo on every hand
Except with those who've numbered With Mothers little band

Within her lovely borders Protection we will find
If we will keep her orders And all her teaching mind
Our safety is secured While in this sphere we move
United in one spirit And that of perfect love.

6 While I view my dear relation
Gospel kindred kind and true
I am resolved to keep my station
With this little chosen few
Tho' I know full well my duty
Which my calling binds me too
Yet to gain a crown of beauty
Willingly I'll travel through
Lo we are but pilgrims traveling
To a far and distant land
time is passing we are hastening
Soon we'll reach our journeys end

Where the billows of temtation
And the storms of sorrow cease
If we have our jest relation
To the heavenly heirs of grace peace

Let us make our union stronger
Binding every sinful way
Banish hatred strife and anger
From all malice turn away
Then the endless peace of heaven
Will attend us on our road
Blessings will be freely given

I love to bend this way and that And trample down

In Mothers power I will be reeling bowing

Gathering simple love love

I am marching on my way
To bright mansions above where saints
are rejoicing in purified love

I love my blessed Mother Her gospel I'll obey
I'll keep it pure for ever In every trying day
My conscience undefiled I will forever keep
To the cross be reconciled that peace my soul may reap

Wide a wake we all must be If we gain the blessing
Make the prince of darkness flee Far from our possession
Every one must bend or fall No Exalted one can fin
Peace or comfort here at all For a proud or haughty min

Sound the trump of gladness let ransomed

Israel sing. Let your most silent places

With music ring Fear not my truly chosen

While crossing the red sea. For Jehovah

hath purposed your deliverance to be
When you've crossd the billows and have
Journeyd safely o'er I will be ready
welcome at your landing shore
There we'll sing loud halleluias There
Joyfully we'll dance, and have a happy
meeting on Jordons banks.

Around and round round and round I'll go
And in the labor not be slow
For lo I have my rowe to hoe

No one can do it for me
To Every gift I'll be resigned
For here true comfort I can find
Nor will I wind or weather mind
Be it calm or stormy

Come break forth in gladness ye hills & y mountain
Arise all ye vallies Gods goodness proclaim
Roll on ye gay rivulets roll on from your fountain
Oceans and rivers O swell the glad strain
Let the deep forrest echo and groves be resounding
In sweet songs of triumph His people should jo
No tongue should be silent Each hart be responding
Extend ye the tidings a Savour has come
Lost Souls are now finding a present Salvation
Their songs of thanksgiving to heaven ascend
Rejoicing in God who hath planed their redemption
Knowing that He is their helper & friend
Then in thanks for his goodness

O come in the clouds as a bright shining troop
The strong tower of Zion for refuge I'll give thee
And the valley of Achor a door of sweet hope

The voice of the bridegroom and bride from her chambers
In tones of loud thunder shall burst oer the world
And the palm of the battle O virgins I'll give thee
And the valley &c

Come singing come shouting forget all thy sorrows
Mid Egypts dark murmurs O cease ye to grope
Because the new covenant the bright star of morning
And the valley

Behold on Mount Zion the bright beams of glory
Oer flows the pure spirit thro faiths tellescope
And the sweet and pure waters of life freely flowing
And the valley &c

Wing wing your way happy seraphs from above, And

For my love cannot fail, Nor my peace cease to

Will praise her will praise her In Singing & dancing
The Wisdom of God the Eternal her name
In sweetest devotion while on we're advancing
Will sing of her glory and tell of her fame
She leadeth along to the unfading fountain
Of charity and love yea and unfading peace
We're going we're going to Gods holy mountain
To dwell in his presance with endless increase

O hearken O hearken awake ye who slumber
While pure Mother wisdom doth utter her voice
Come gather come gather unto the blessed number
Who now in her presance do ever rejoice
She leadeth in safety the meek and the lowly
The dumb do now speak and the deaf do now hear
She crieth along For the way is most holy
Come wash and be clothed you've nothing to fear

For ye shall be led in a way that ye know not
A light from the heavens shall mark out your way
To that which the vulture and vultures new not
Nor can they find out thy great work of the day
O heaven O heaven thy glory and brightness
No mortal on Earth can be able to scan
Thy love yia the sweetnez the beautiful whiteness
Which here is prepared for the children of Ann

Theyre feasting on pleasure that never will fail
Released from the sorrowz of Earth here belowe
While bright shining seraphz in love ever hail them
And hover around them where ever they go
Press on O my soul for the prize of this calling
Let nothing thats Earthly cause any delay
Press on for the mark that from thence is now fallin
Come on my companionz O do come away

Come away come away I do love you sincerely
My soul is delighted your facez to see

In the work of the Lord Yea I love you most dearly
We will go together Amen let it be
A few setting suns now will land us all surely
Upon the bright shore of our permanent home
Where is our hearts treasure there laid up securely
And hear the sweet sound ye are welcome to Come

The Valley of peace

Along the low valley where love does abound
Is where the rich fruits of the gospel are found
And still richer treasures unfurl as we go
But to none who're unwilling to come down below
Tis not the high minded who soar up above
Can ~~ever~~ ~~in~~ heart find the pure regions of heavenly love
Nor on the high mountains of pride and conceit
Can ever be found the true genuine wheat

The straigt narrow way now is open & clear
The still quiet voice of our Saviour we hear
It calls to the lofty to come down from thence
And seek in the valley a surer defence
The keen bitter tempest that sweeps all above
Can never intrude in this valley of love
With sweet consolation each soul there is bless'd
And under the shade of sweet union they rest

The name of this valley is humility
And all who live in it will surely agree
Its walls are good order, its gates of peace
And singing sweet praises they never will cease
The waters are living the fountain is pure
And all who drink of it will ever indure
The sweet pleasant bowers the arbors of peace
Continue to flourish and daily increase

The bliss thats possessd in this vale is unknown

To those who in loftier regions are grown
Nor can it be found on the towers of pride
Where all the vile passions of nature reside
Then press on ye travellers and turn not aside
Remember your watch word is mind well your gui
The way to the City is straight tis true
But heed well your guide & y'ill surely go there.
